Dear Cate,

Thank you for being the best instructor in p4 camp.

My favorite activity was the tree climb and archery. I liked them because I had done it before. but on the archery I couldn't hit the target.

My biggest achievement was climbing the tree I even rung the bell I couldn't of done it without my friends. I did not like sleeping because every one was so noisy.

I thank you again for helping me
yours sincerely

Dear Cake,

I am writing to thank you for an amazing camp and being an amazing instructor.

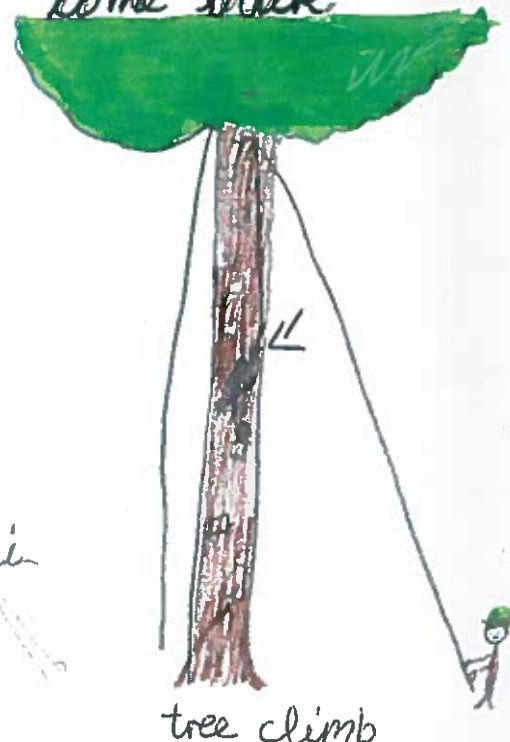

My favourite activity was L.O.D. Living out do I loved building my den and toasting marshmallows.

My biggest achievement was ringing the bell at tree climbing because I am a little bit scared of heights.

I also liked Nightline, finding the treasure, playing in the river and finding frogs and tiny things. I definitely want to come back.

Yours sincerely,

Rachel
