

Accessibility Policy

The work of SOEC is relevant and of benefit to all members of the community and in particular children and young people.

As such the company has the interests of its customers at heart and wishes to make its services and facilities available to as wide a range of people as possible. The Company endeavours to treat all customers equally, regardless of gender, race, colour, nationality, ethnic or racial origins, marital status, religion, sexual orientation or disability.

As the company develops it looks where possible to continuously improve all aspects of its facilities as well as its educational programmes, activities and service delivery. This includes accessibility, to meet the needs of visitors who may have a disability*. We aim to create the environment that enables anyone to participate fully at our Centres.

Whilst some areas of our accommodation buildings are not yet wheelchair friendly we encourage all group leaders to liaise with our Managers to ensure that the facilities required are available.

* Mobility and sensory impairment, mental health issues, specific learning difficulties including the autistic spectrum and Asperger's Syndrome, medical conditions which may have an impact on day-to-day activities.
