

INFORMATION FOR GROUPS CAMPING AT SOEC

Thank you for making your camping booking at SOEC.

SOEC Centres (Broomlee or Dounans) are not designated campsites but have areas that may be used by groups undertaking a camping experience, either as part of their outdoor learning programme or expedition practice/training for DofE.

SOEC will invoice you for the number of people on your booking form. Please confirm in writing by email, any changes to numbers prior to the booking taking place.

Arrival

On arrival, please report to reception where the Manager or Duty person will show you to the area assigned to your group and point out the location of facilities such as water, waste/recycling, and toilets. If you have a vehicle, please park in the Centre car park.

Please note that there may be other groups on site – either in residence or camping.

Unless there is a resident group staying in dorms at the Centre, there will be no SOEC overnight duty person.

Facilities

Your camping visit to SOEC provides you with:

Broomlee: access to WCs, drinking water

Dounans: access to WCs, drinking water, showers

Groups may book classroom or hall space for an additional charge. This should be indicated at the time of booking and indicated on the booking form.

Safety

SOEC is a no smoking organisation.

Basic fire safety equipment (water/sand) will be provided for the camping location

Group leaders are responsible for all safety and group management, including fire safety. Please ensure tents maintain the requisite distance from each other - 6m gap between tents.

No fires are permitted on site unless you have specifically booked the fire pit area. Please bring your own wood.

Dogs

Please note that there may be other groups on site, and our standard position is that there are no dogs on site unless assistance dogs.

Departure

Please vacate the camping area by the time agreed on your booking form (unless this an alternative time has been agreed in advance) and deposit any rubbish in the relevant recycling/disposal area.
